EX PARTE PRESENTATION

Ms. Marlene H. Dortch
Secretary
Federal Communications Commission
445 12th Street, SW
Washington, DC 20554

Re: Ex Parte Presentation in WC Docket No. 10-90, *Connect America Fund*; WC Docket No. 05-337, *High-Cost Universal Service Support*; ET Docket No. 10-142, *Fixed and Mobile Services in the Mobile Satellite Service Bands*; WT Docket No. 04-356, *Service Rules for AWS-2*; WT Docket No. 07-195, *Service Rules for AWS-3*

Dear Ms. Dortch:

Pursuant to Section 1.1206 of the Commission's rules, 47 C.F.R. § 1.1206, DISH Network L.L.C. ("DISH Network") submits this letter summarizing a meeting on Thursday July 7, 2011 with Rick Kaplan, Chief of the Wireless Telecommunications Bureau. Present at the meeting on behalf of DISH Network were Thomas Cullen, Executive Vice President, Sales, Marketing & Programming; Stanton Dodge, Executive Vice President, General Counsel & Secretary; and Ted Henderson, Vice President, Corporate Development. Also present was Bryan Tramont of Wilkinson Barker Knauer LLP.

DISH Network presented information about the utility of satellite-based broadband to serve the Commission's broadband deployment goals. Satellite broadband is the most cost-effective technology for providing true broadband to many currently unserved households. Its direct and full inclusion in Universal Service Fund reform will maximize efficiency, reduce the size of the fund, and ensure that rural America has access to high-quality broadband.

In addition, DISH Network noted that it is aware of and is still analyzing the Commission's Public Notice inviting input on various approaches to encourage the growth of terrestrial mobile broadband services in the 2 GHz spectrum range.

Respectfully submitted,

/s/ Alison Minea
